### [🔍] Where you can verify a UCoA number

## Specificity of different types of UCoA , 12 march 20202

### 1- UCoA Verified:

#### A) Status : SELF-VERIFIED

Certificates produced by creators of original goods such as artists, commercial galleries, luxury industries and others or by a owner who have a proof of authenticity.

Everyone has to certify that they have the required authorizations to create this self-certified UCoA  
Each person or entity that will create a certificate take full legal and financial responsibility for this expertise.

### 2- UCoA Not-verified:

These are UCoA's that users created and are not Self-verified.  
You can anyway edit and transfer a Not-verified UCoA.

## Other statutes are being created in the near future:

#### a) Verified by destination **VERIFIED**

Goods that already exist and have been verified by an institution that guarantees them from a legal and financial point of view, such as French auction houses and experts, luxury brands etc.

This mean we will verified the documents that you register as proof of authenticity and validate them.

#### b) Verified by us **VERIFIED**

For goods that have already been produced and need to be verified on a case by case basis.

We will offer a verification service that validates the authenticity of your goods.

In this cases we guarantee authenticity and storage of this data over time.

### 2- UCoA Not-verified:

These are UCoA's that users create and are not Self-verified, Verified by destination or Verified by us.  
In this cases we do not guarantee authenticity nor storage of this data over time.

You can anyway edit and transfer a Not-verified UCoA.
